1. In retrospect, what could you have done better to reduce the time you spent solving this homework?

Answer: Having a better understanding of polynomial division before starting would have helped.

2. What could the Principles of Software staff have done better to improve your learning experience in this homework?

Answer: Not much, I felt like this homework was fairly self-explanatory.

3. What do you know now that you wish you had known before beginning the homework?

Answer: I wish I had known how many and how thorough the test cases I had to account for were.
